

Study of T_{tH}^*

Jack King, 6/27/16

Channel: TtH

t all hadronic, H $b\bar{b}$

File : WbT_M1.5_hadronic_pythia_events.lhe

- Number of qw found: 11442
- Number of T found: 5721
- Number of tT found: 5721
- Number of bhT found: 11442
- Number of btT found: 5721
- Number of hT found: 5721
- Number of wtT found: 5721
- Number of qq found: 5721
- Number of bg found: 5721
- Number of events found: 5721

T plots

ΔR vs. p_T for t from T decay

ΔR vs. p_T for h from T decay

ΔR vs. p_T for W from T decay

t plots from T

Distributions from W

Distributions from The Higgs

Distributions of b from t

Distributions of qq from w

Distributions of bb from h

Distributions of q from qW

Distributions of b from g
